

Elkhorn District Advocate.

Vol. I

ELKHORN, MANITOBA, SEPTEMBER 28, 1893.

No. 50

GENERAL ELECTIONS.

A REPORT THAT THE DOMINION HOUSE WILL BE DISSOLVED.

In Ottawa, Point-to-Sack a Course on the Part of the Government—A Short Note about the House in November and the Elections in January.

An Ottawa special says:

"There is every evidence of the dissolution of the Dominion parliament. The government has organized a campaign in nearly every constituency, and ministers who had arranged to go to their offices have made their trip to take the stump in Ontario and Quebec."

"It is understood that their will be a short session in November, and the elections will be held in January. The campaign has strength, declining since it has practically abandoned the policy of closer trade relations with the United States, the main plank in the liberal platform. It is necessary therefore to appeal to the country."

SETTLEMENT AT OLODS.

The Colonists from Nebraska Doing Well.

Since last April when the Nebraska colonists settled at Olds, the place has assumed more imposing dimensions, nearly all lines are very fairly represented and her population reaches about 100 men. The surrounding country is well settled within a radius of about five miles. Much farming is being thoroughly done, and although upon last year's breaking for the most part, the results are indeed flattering. The crops this year were excellent. Vegetable culture is very promising and the yield on new breaking, is surprising. Haying has been the leading industry among the farmers there, as a result of an abundance of stock and a goodly amount for market. The people are well satisfied with the Olds district and think it preferable to those farther north. In another year Olds will be another little town and village as there are strong indications of a mighty army of home-seekers arriving here next spring from Nebraska and other points.

COMING FROM NEBRASKA.

A Party of Farmers Start on a Long Drive.

Mr. A. E. Hetherington, one of the staff of the Dominion immigration agents, employed in the state of Nebraska is in the company with Thomas J. Bulde and others, John C. Miller, representative farmers who will select lands for their fellow-farmers in Nebraska. One delegate represents thirty families, and the other comes from the districts near Omaha. Mr. Hetherington says that many of the Nebraska farmers are leaving the state owing to the unfavorable conditions for farming there. The season has been dry and the financial depression has affected all. There is a good crop of corn in the south and western parts of the state, but the price is too low to make its cultivation profitable. Mr. Hetherington reports that many farmers go a party of seven farmers left Wayne, Nebraska, with their effects, intending to drive all the way to the Northwest Territories. They expect to make the trip in four weeks.

The "Sun" Line Open.

The C. & H. have completed all arrangements for the running of trains on the "Sun" line. Through tourist and sleeping coaches will be run from New Waterton—Wash., to Minneapolis. There are two cars which will leave the "Sun" line at the Pacific coast in the morning, going south from Moosejaw on Monday next. The name of the station at the boundary line has been changed so that in the United States it will be known as South Portal and the town north of the line as North Portal. The Dominion Express company have opened an office at the latter point.

The Manitoba School Case.

The Manitoba school case is first on the list for the next supreme court session. At one time it seemed doubtful whether the case would be gone on with next term as the chief justices did not see good health and had planned for leave during the summer. He decided, however, to hear the case and then take a rest for six months. The chief's departure from Ottawa will involve the appointment of a successor to the chief justice without delay, otherwise there will be no quorum to hear general cases.

Ingersoll's Prophecy No Where.

At the opening of the new Baptist church in Winnipeg the Rev. R. G. McBeth said: "I am sure you all expected another attack at the scrum, but the fate of prophecy which Robert Ingersoll had feared, Ingersoll prophesied ten years ago that within a decade there would be ten thousand new churches erected in America for every one that had been destroyed." The prediction had proved to be true. Last year when he was here there were four times as many new churches erected as there were theatres old and new in the Union.

Fires at Kamloops.

Fire was discovered in Vair's tin-smith shop, Kamloops, B. C. a few days ago, about 4 a.m. The wind was blowing a gale at the time. Firemen and citizens who were lighting their houses following places were quickly on hand. Vair's tin shop; Prior & Co. hardware; Stephenson, jeweler; Simmon's contractor; Duhamel, barber; Whitaker's law offices; Fonda's drug store; Drillingdon's residence; Sinclair's fruit store; Quinan's boots and shoes; Chong Lee, general store; Kwang On, Wo Co., and five other Chinese houses, the loss will exceed \$100,000. Prior & Co.'s loss is estimated at \$30,000. There is very little insurance.

RED DEER DISTRICT.

Large Tracts of Land to Be Opened for Settlement.

J. Moore, ex-cadet, of Toronto, who is manager of the Saskatchewan Land Co., returned last night from Calgary after a thorough inspection of Alberta. He says that its present condition is far from encouraging. All the agricultural districts and in the central and northern settlements especially the crops are phenomenal. The average yield will be three bushels per acre. The Red deer district is particularly bushy. Mr. Moore showed a reporter the power for the fall fair at Innisfail, on Oct. 5, which is a wonderfully creditable document for a settlement two years old.

A new school house has been erected and opened at Gretna.

William Jack, of Brokenhead, better known as "Willie" one of the first settlers in the district is dead.

R. T. Rokeby, ex-manager of the First Commercial Bank, who succeeded from Winnipeg, is in New York.

Dorsey Little, Winnipeg, trotted into the exhibition, Bourbons, took first prize at the Toronto Industrial exhibition.

The Lieutenant-governor-in-council has been hit to appoint Major Philip W. E. Flumerfelt and J. T. Bell as a health board for the town of Elstava.

The well-known grain firm of Roblin & Armitage, Winnipeg, has been dissolved. Mr. Roblin continues, while Mr. Armitage goes south for the winter.

Thomas Smith has been sent to Regina for a term of six months to manage his business. George Greighton accompanied him down from Estevan.

Every iron bridge on the C. P. R. between Westminister and Calgary is to be painted white, and a gang of painters have commenced operations. The work will not be completed this year.

A recent thunderstorm did quite a lot of damage in Woodstock, and a herd of cattle were struck by lightning and a year old boy of Mr. James Larimer was instantly killed.

Thos. Marks & Co.'s hardware store, Port Arthur, Ont., was entered by burglars a few nights back, and the contents were carried away. With three of Greenway's celebrated guns and half a dozen revolvers.

United States Consul Myers has just returned to Victoria, B. C. from the Soudan where he went to enquire into the necessity of a United States consul for the Kootenay country. Nelson and Kalmar are both mentioned as possibilities for the appointment, but as to these he will make a report to Washington.

Mr. David Manzies, secretary of the Vancouver Liberal association, has received a letter from the Hon. W. F. Laurier dated at Arthabaska, Aug. 1, in which the Canadian leader intimates that he is making arrangements to reach British Columbia about the first week in November, and that it is more than probable the Hon. L. H. Davies of Prince Edward Island, will accompany him on his western tour.

Henry R. Fouke, president of the Massachusetts Mar. Proclaims Himself Christ.

In July the trustees of Winnipeg, through the council had voted for \$50,000 submitted to the trustees. It was required to pay for the erection of school buildings already in course of construction. The trustees gave very little attention to the voting took place in the exhibition hall, and the bill was defeated by a small majority. The trustees then asked the council to provide for the expenditure out of their general funds, but the August budget refused. They have, however, decided that the residents shall have another opportunity to voice their opinion, and on October 18th a determined effort will be made to carry the by-law.

Mr. Fouke has made many converts. His strongest adherents are women. He makes no public or open speech, does not attempt to speak on the rostrum. He keeps away from the spiritualistic leaders and mediums. He is unpopular with the old time mediums who seem to fear that Socialism is soon to come out on top.

He keeps away from the spiritualistic leaders and mediums. He is unpopular with the old time mediums who seem to fear that Socialism is soon to come out on top.

Living Beyond One's Means.

Upon the subject of living beyond one's means, Samuel Smiles, the author of "How to Win Friends and Influence People" in the world," says:

"There is another class of people living up to their means, and often beyond them. They desire to be considered 'respectable people.' They like to show off their good health and wealth for leave themselves. This has decided, however, to hear the case and then take a rest for six months. The chief's departure from Ottawa will involve the appointment of a successor to the chief justice without delay, otherwise there will be no quorum to hear general cases.

Ingersoll's Prophecy No Where.

At the opening of the new Baptist church in Winnipeg the Rev. R. G. McBeth said: "I am sure you all expected another attack at the scrum, but the fate of prophecy which Robert Ingersoll had feared, Ingersoll prophesied ten years ago that within a decade there would be ten thousand new churches erected in America for every one that had been destroyed."

Ingersoll's prophecies had pro-

ved was seen last year when in the United States there were four times as many new churches erected as there were theatres old and new in the Union.

VOL. I. No. 50

TUESDAY, SEPTEMBER 25th, 1883.

SIDEWALKS AND LIGHTS.

Almost a year ago we had an editorial on this very subject and we are gratified to find that in some measure our suggestions have been followed, with a prospect of more to follow. We referred in our local column a few weeks ago to the project that is talked of, of introducing the electric light to our town, and we rejoice at the commendable enterprise of our business men in regard thereto. But we are sometimes inclined to the opinion that, thereby frequently more talk than work. In vindication of this assertion we refer to the matter of sidewalks which was mooted early in the spring, & a scheme was formulated, and advertised of side-walking at least the principal thoroughfares; but the harvest is past and the summer is ended, and the sidewalks have not come yet. In the winter and early spring especially, the streets are almost impassable without the much needed sidewalks. It will cause much disappointment to many this fall if the promised sidewalks do not appear. Every town almost along the main line, can boast of sidewalks, which are certainly a great acquisition. But Elkhorn is apparently not in. Our faith in the enterprise of the Elkhorn people somewhat inclines us to the hope that even yet we may see both sidewalks and electric light at an early date.

AGRICULTURAL FAIR.

We wish again to call the attention of our readers to the fact that the County of Dennis Agricultural Fair will be held in Virden next Thursday and Friday, Oct. 5 and 6. Every one would be benefited by spending a day at these annual gatherings. If you see a success in your own line of business you should go and exchange ideas with others of your kind.

To farmers especially, fairings are important. There is certain to be something of great interest and benefit to you, and even if you have nothing definite in view go anyway and see what your neighbors are doing. If you want a new infusion of blood in your stock there is no better place to find it. Even though you may not get a prize there is no better way of letting others see what kind of animals you are raising and when you want to sell you will find a more ready purchaser. Practically men know a good thing when they see it. If you see anything good in fruit and vegetables, talk with the producer if possible, find out as much about it as you can and test it in your own field. Follow the same course in other departments. Look carefully over the improved breeds of stock, the farm implements, etc., and you will be able to decide better what will suit you on your farm. Take something with you to exhibit and you will have the satisfaction of knowing that you are helping along something for the good of yourself and others.

THE GRAIN STANDARDS.

The "Patron's Advocate" in an article on "Can the Press Assist the Farmer," gives some very good advice to the latter. It is this, and we think rightly, that they should make themselves familiar with the freight rates from his market to terminal points, the price of grain at these and other places, the causes of fluctuation in prices, and the grades. The "Advocate" goes on to say: "We presume every farmer takes his local paper, and if he don't he ought to. The facilities the editor presents through his exchange with the dailies, are immeasurably superior to the farmers, and when local market quotations are given prices at terminal, ocean, and other competitive points could also be quoted. With the knowledge he has thus obtained the farmer is placed off a nearer equality with the buyer."

The present system of grading and distributing the samples is dealt with and the farmer appealed to to make himself familiar with the grades, so that he may be able to judge for himself. We think the Advocate is unmercifully severe on

the local buyers. They are acting under instructions which they must follow. When wheat is brought to market the buyer must follow his instructions, and although it may be No. 1 in quality he must grade it No. 2. Who gains by this deal? Certainly not the local buyer. We believe that Farmers' Institutes should each year obtain samples of the grades, so that the farmers could become better judges of good wheat. At least something better than the carelessness at present in vogue is much needed.

BRITISH-AMERICAN

More than a century ago, when speaking on consolidating the New England colonies then in revolt against the mother country, Edmund Burke said: "England's hold of the colonies is the close affection that grows from common names, from kindred blood, from similar privileges and equal protection. These are ties which, though light as air, yet are as strong as the links of iron." The desire of the American colonists at that time was that they should be taken into the Councils of the Empire, and have a voice in the affairs of state. In the day of her folly Britain turned a deaf ear to these reasonable demands, and the colonies by one bold stroke cut themselves loose from the maternal apron. The war which succeeded had the effect of stirring up a deadly hatred which time and again, as in 1812, showed itself by actual violence. As years passed and these hot heads had time to cool most of them in the grave man's better nature triumphed. The Alabama Arbitration was the beginning of a new era for English-speaking people. Prejudices, due to the conduct of former years, melted before the sun of restored confidence, till at the present date the "Boiling" Sea arbitration has not only settled the points in dispute, but has also led to the possibility and desirability of forming a permanent treaty of arbitration. The two English-speaking nations are now permanently committed to the principle of binding themselves in advance to submit all disputes to arbitration. Men, now living, may reasonably expect to see the time when a permanent International High Court of arbitration will exist to which both parties will resort for the settlement of their disputes, and the American people will be again bound by those ties "light as air."

CHEMISTS.

Dr. Goulding, of Virden, was in town on Friday last.

The weather has been quite cool during the past week.

Two days for express job arrived at Robt. M. Coombs & Co's.

Rev. Mr. Miller, of Brandon, was in town yesterday.

Rev. Mr. Walther, was in town the early part of this week.

Large assortment of wool and Cashmere Hosiery at Robt. M. Coombs & Co's.

White wood Gray blankets at 25 per prairie to be had at R. M. Coombs & Co's.

Miss B. Cavanagh left last week to attend the Academy at Brandon.

Mr. Denison, of Napanee, Oct. 1, spending a few days in town this week.

"Mr. G. Hall, the Massey mechanist, has returned to Elkhorn for a few days."

We are anxiously waiting to hear the sound of the hammer on the grist mill.

Remember the cash discounts are allowed off all goods at R. M. Coombs & Co's.

We are pleased to see Mr. John Cavanagh around again after his arduous illness.

Senator Herchmer enjoyed a ten day vacation with Mr. H. M. Power last week.

Large range of goods just opening out in every department at Robt. M. Coombs & Co's.

Mr. H. Stewart took the train for Whitewood on Monday last, in search of a rub-way Indian.

Mrs. Davidson of Qu'Appelle, is here on a visit to her son, G. Davidson, telegraph operator.

Mr. W. M. Cushing left last Saturday for a trip to Montreal. He will take in the World's Fair en route.

A Ladies' Aid tea will be held at the Methodist parsonage to-morrow evening, (Friday). Tea at 6.30. All are invited.

Quite an addition is being built to the rear end of the Grand Central Hotel, which will considerably enlarge the building.

An operation was performed on Mr. E. Bradford, who went to the Brandon Hospital a short time ago, and he is now on a fair way to recovery.

A manure heap in close connection with Ogilvie's elevator, caught fire one day last week, and was just noticed in time to prevent a serious conflagration.

Snow fell quite heavily in the north of England last Saturday morning. It was the most severe in Westmoreland country, where it fell to a depth of four inches.

A combination team of Capital and Ontario defeated the Victoria lacrosse team at Ottawa on Tuesday, the only defeat that team has suffered since going east.

Miss Lillian Smith, of Elkhorn, spent a couple of days in town this week, the guest of Mrs. F. E. Arkell, on her way to spend a holiday at Mrs. Dwyer's Ranch - Wauneta - Enterprise.

Mr. J. Broadley purposed erecting a curling and skating rink before the cold weather sets in. The curling club will rent the ice for curling, and Mr. Broadley will have control of the skating ice-hall, itself.

It must have been an old crazy biddy or composito, who, in setting up the "woman without her man," would be a savage! At the commis in the wrong place, and made the sentence read, "Woman without her man, would be a savage!" - Ex.

The interior of the post office has been very nicely painted, Miss J. C. Still being in charge of the painting. In the appearance, it is future to have open on Sunday from 1 o'clock p.m. to 2, when these parties having boxes will be at liberty to get their mail.

The editor of the Grafton Record says, "I understand that the following is a sacrifice to have to submit pedlars: Beat up two tramps, mix in about two pounds of blasting powder, flavor with four quarts of cylinder oil, stir with a common breaking plow, and set out in the back yard near the wood-pile to work."

A Chicago family who have evidently grown weary of entertaining visiting relatives makes the following announcement in the personal column of the Chicago Tribune: "Notes—Having entertained all known relatives for World's Fair, relatives in future must be identified. Foreign papers please copy."

The following actually took place at a well-known railway station: A man was sending his son out to catch the first train. Just as the train started out he said loud enough to be heard by many, "Well, good-bye lad, mind you say your prayers and wash the hair of your neck—Ex."

Sewing machine needles in great variety to be had at R. M. Coombs & Co's.

We are still offering 8 cans salmon for \$1.00 and 8 pairs all wool socks for \$1.00 at R. M. Coombs & Co's.

Mrs. Bell of Elkhorn, formerly of this town, is renewing old acquaintances in Waukesha - Enterprise.

We have lots of mailing kinds for you, don't fail to come in and get some of the bargains to be had at R. M. Coombs & Co's.

Messrs. Fortune, Stevenson, Travis and Hoy drove to Oak Lake on Monday last with the intention of shooting geese. The party returned to town in the silent hours of last night, empty handed. The geese have too much for their shot gun.

Mr. W. F. Luxton is no longer editor in chief of the "Western Free Press." His services were dispensed with without cause and a new man installed in his place - Vice-Literal.

Two car loads of first-class fat cattle were shipped from here yesterday by Mr. T. J. Cavanagh. Specimen meat is made of our four year old steer purchased from D. McCrory. His name will bring 150 lbs. If buyers would pay more attention to breeding and raising steers of this grade they would find it far more profitable than wasting their time and feed on poor ship cattle.

Loco. Collo. has dropped "Farrar" and is now calling a song called "Marie-Marie-Marie-Cat" - the Marquis of Loco. Collo. has sold "Farrar" of the Loco. Collo. out of the holding house to a plural owner, Harry, plus "Plural Chorus" that has recently won popularity in London. Leslie sits in with much of the dash and abandon she introduced in her famous predecessor. The music is catchy and the words are of the sort that, for people who like that sort of thing, will be just the sort of thing they will like.

DEATH OF MR. J. B. FRAZER.

It is our sad duty to chronicle this week the sudden death of Mr. J. B. Frazer, of Brandon, who, with Mrs. Fraser, arrived in town on Tuesday evening of last week, to attend his sister's wedding. He was taken suddenly ill on Wednesday evening, causing him an injury received some short time before. The best of medical skill was consulted. Dr. Clark of Winnipeg among others, but all was unavailing. His eyes could not be closed and passed to rest on Tuesday morning about 12 o'clock. The deceased was a son of Mr. J. S. Frazer of Elkhorn. He was well known in the business circles, and for the last number of days had been the editor of the Brandon Times. The funeral will take place this afternoon at the Elkhorn cemetery.

The ADVOCATE extends its sympathy to the bereaved widow, and others who are called upon to mourn his loss.

"ROB ROY."

A very good audience assembled to witness the performance, "Rob Roy" by the Clan Frazer, O.S.C., of Virden. In the town hall on Friday evening last, and undoubtedly would have been larger had not the price been so high. It would hardly

be fair to discriminate where all were so good, but special mention should be made of Ballie Jessie, by Lawrence Frazer, and the fine singing of Mrs. J. S. Young. Several choruses were given in an acceptable manner. Taken in all it was a very good exhibition, and no doubt could be repeated with profit. Andrew Mackay, as "The Dougal" were the only two professional actors in the cast, and qualified with distinction, regarding their ability. Mention should also be made of the excellent music by Lachlan C. McMillan, the piper.

THE WHEAT GRADES.

The wheat grades have been fixed at Winnipeg, and are, extra: No 1 hard; No 2 hard; No 3 hard; No 4 hard; the latter two grades being known as Commercial grades. The extra must go 62 1/2 per bushel. Some samples shown would go 61 lbs, No 1 hard must go 60 lbs. per bushel, No 2 hard must go 58 lbs. per bushel.

It is estimated that 13 per cent. of this year's crop will grade No 1 hard, and 70 per cent. of the entire crop will go No 1 and 2 hard. Mr. Chas. Blauthwaite Pres. P. of I. and Mr. Jas. Edes of Virden pres. Central Farmers Institute were on the board.

"THE EDITOR."

Letter of poor man off reminds us.

Honest men don't stand a chance. The more he works there grows behind him. Bigger patches on his pants.

On his pants, once new and glossy.

Now are stripes of different hues.

All because subscribers thought he

and won't pay him what is due.

Then let's all up and doing.

Send our mite, however small!

Or when the snows of winter strike him.

He shall have no pants at all—Ex.

MARYFIELD.

Mr. George Dinnis lost a young mare last week, somewhat suddenly. He tripped over when hobbled hind-kid broke his neck. Some weeks ago Mr. Stansfeld lost an ox on the tether rope.

Threshing commenced in this settlement on Tuesday, 19th, at Mr. Jas. Montgomery's.

Ducks and geese are conspicuous by their absence this fall, but on the banks of the creek chicken seem to be fairly numerous.

We hope the Elkhorn grist mill will soon be built, as Virden being without old reliable causes even a longer trip still. Oak Lake and Moosequin are both a long way from home.

Our school inspector found out that

the school last month, and consequently

that progress of the right kind is be

ing made. He was very pleased at the

well-constructed and well kept buildings.

DEATH.

FRAZER—On Tuesday, the 26th Inst. Mr. J. B. Frazer, aged 40 years.

BIRTH.

FREEMAN—On Thursday, Sept. 21st, the wife of Chas. Freeman of a daughter.

Apply to JOSEPH BROADLEY.

The longer the sale

the bigger the rush at the

Mammoth Store. As we intimated

before that we intended clearing off our stock to

close out our business, we are still offering the largest

discounts known to the trade, and will invite all customers

and patrons of the surrounding district to participate in the great

discounts and slaughtered goods to be found at these premises. We

will cut, slash and slaughter goods in any way for the cash, and with the

sole purpose of clearing out our stock this fall. Come before the snags are all

gone. We are paying the highest prices obtainable for all kinds of coun-

try produce, butter, eggs, fallow, hides, furs, pits, oats, barley,

turkeys, geese and chickens. If you have any-

thing to sell give us a call before

disposing of it elsewhere.

NEWS OF THE WEEK.

IMPORTANT EVENTS IN FEW WORDS FOR BUSY READERS.

Record of the Busy World's Happenings Carefully Compiled and Put into Handy Shape for the Readers of Our Paper.

The Anglican Synods of Canada have united in one body.

Lord Aberdeen, the new governor-general has been sworn in, and has taken hold of the work.

Dr. Birkinshaw, for the last eleven years in charge of the Jewish synagogue, at Hamilton, Ont., is dead.

Ald. Saunders announces his intention of being a candidate for mayor of Toronto next year.

The citizens of St. John, by a vote of 2,655 to 764, decided to reduce the number of aldermen in the city from 26 to 16.

Dr. Bryce, secretary of the Ontario health board, says the danger of cholera reaching Toronto this year is down past.

J. B. Osborne, a resident of Beamsville, Ont., for nearly sixty years, is dead. He was well-known throughout Western Ontario.

Rev. H. Hodkinson, of Windsor, is likely to remove to Toronto, to which place he has received a call from one of the Congregational churches.

Prof. Henry Drummond the well-known author, is at present visiting in the east. There is a possibility that he may accept the principality of the McGill University, Montréal.

The prohibitionists of North Grey have selected H. C. Scott and Michael Field as their candidates at the next general elections for the commons and the Ontario legislature respectively.

A train of the Mineral Range railroad, was held up between Hancock, Mich., and Calumet by three masked men and a load of \$70,000 of cash and gold, in mine money. No blood was shed.

J. H. Ferguson, Q. C., of the firm of Ferguson & O'Brien, Toronto, recently walked out of the third story window of the Freehold Loan building, and fell to the pavement and was instantly killed.

Thomas McFarlane, Dominion analyst, has been invited to take part in the largest public meeting to convene at Chicago on October 10th. Food inspection will be one of the principal topics under discussion.

A long distance on the section of the Great Northern over the Cascade mountains will be protected by snow sheds. The longest will be 160 ft. in length. The aggregate cost will be \$250,000, and the contractor calls for the completion of the work by Dec. 1.

The Ottawa Free Press states that Dr. Player has caused another suit for libel to be entered against the minister of agriculture; for the sum of \$10,000 for calumniating the publication in certain newspapers, after Dr. Montagu's reflecting on Player.

Edward Flanagan, a Great Northern Conductor was held up robbery in Moorhead, and shot through the mouth, knocking out two teeth. He was also robbed of his watch and懷錶. When he was captured later in the evening by the police, it was disclosed of being his assailants.

The Patrons of Industry of Ontario have been so successful with their binder twine industry and in their opposition to the salt combine that they have established at Bradford a foundation of binders and dealers. This new venture will be in full operation next year.

The great draw span of the new bridge across the Missouri river, the biggest and heaviest in the world, was swung successfully. It weighs 1,800 tons and is 520 feet long and 100 ft. wide. The bridge will cross the river by Nov. 1. By the opening of this bridge, the monopoly held by the Union Pacific bridge will be broken.

The White House baby will be known hereafter as "Ester." This old-fashioned name has been selected for the child by the president and Mrs. Clifton, and it is anticipated that the selection of this name has no significance other than the partiality of the parents for scriptural denominations and that it means "a star" and "good fortune."

Angus McLeod, of Napanee, Ont., awoke early a few days back. He arose and advanced towards the man who told him not to take another step or he would shoot him. McLeod took up a water pitcher and threw it at the burglar, whereupon the latter seized him and shot, took effect in McLeod's neck, severing the main artery, and he died almost immediately. The murderer escaped.

Harry Miner, the founder of that branch of industry known as the "green goods" business, or in plainer words the confidence game, died at Boston, Mass., on Friday. His death was penurious. At the time of his death he was a police officer at a salary of \$60 a month. Miner, during his career, spent several fortunes, all gained in his nefarious business side. Miner was born in New York about forty-seven years ago.

The Tomato a Vegetable. No! Fruit.

Regarding the much vexed question, is the tomato a fruit or vegetable? there are conflicting replies. The American Cultivator classes tomatoes as fruits, while the English Encyclopedia: The distinction between a vegetable and a fruit is puzzling at times. A technical difference is that a fruit includes the seeds of the plant, while a vegetable includes the whole plant, and when matured, the ground is vegetable. The Prairie Farmer on the other hand, calls the tomato a vegetable and substitutes it for the United States.

The following words of the late Dr. Richardson should be ever kept in mind: "Cleanliness covers the whole field of sanitary labor. Cleanliness, that is, purity of air; cleanliness, that is, purity of water; cleanliness, that is, purity of food; cleanliness of persons; cleanliness of food and feeding; cleanliness in work; cleanliness in the habits of the individual man and woman; cleanliness of life and conversation; purity of life, temperance, all these are in man's power."

Some things after all come to pass that can get into the doors of the rich, whose money somehow blocks up the entrance way.

THE WORLD'S FAIR.

Some Interesting Notes Regarding the Exhibit.

Canada's cheese is one of the big attractions. Prof. Robertson has done himself and the Dominion proud with his mimmothe cheese. A correspondent of the Free Press says: Many people who have never been in Canada, hearing this cheese talked about so much are beginning to think we live on cheese exclusively when we are at home, and that we have nothing else worth talking about, except, of course, bacon and ice. One day in a restaurant, a Southern friend hastened to hand me a plate of cheese, saying as she did so: "You know, you will take cheese." "No, thank you," I said. "I seldom eat it," and she looked at me as if she hardly believed me.

Another day, a gentleman from Denmark was introduced to a Canadian girl, when he said: "Canada? Oh, you have cheese there?" and he looked quite surprised to hear her replying: "Yes," she replied, "and Niagara Falls, the Canadian Pacific Railway, the North Pole, and a few other trifles."

A miniature reproduction of the treasury building at Washington, exhibited in the rotunda of the Administration building, is an composition of sovereign coins. It is an attractive sight, and draws admiring crowds. The ticket-to-admission fee is 25 cents, and the owner can't afford to sell for so well informed.

"Yes," she replied, "and Niagara Falls, the Canadian Pacific Railway, the North Pole, and a few other trifles."

The Free Press quotes of the arena building at Washington, exhibited in the rotunda of the Administration building, is an composition of sovereign coins.
